

"Living in a Material World": K-12 Education Grants

Grants to USA Teachers for Educational Projects

GrantWatch ID#: 188792

Agency Type: Foundation / Corporation

Funding Source: ASM Materials Education Foundation

Deadline: 05/25/20

Conf. Date: 00/00/00

Description: Grants of \$500 to USA teachers for educational classroom projects. Grants are available to educators of Kindergarten through 12th grade. Funding is intended to encourage creativity and science learning through the use of a variety of materials. Eligible projects are hands-on, curriculum-based projects that involve student observation, teamwork, mathematics, and science skills that enhance student awareness of the everyday materials around them.

Full Description:

The ASM Materials Education Foundation annually awards grants to help K-12 teachers bring the real world of materials science into their classrooms. "Living in a Material World" grants recognize creativity and enhance awareness of materials science and the role that materials play in society.

Members of ASM International know how rewarding it is to develop and produce the metals, glasses, ceramics, semiconductors, and polymers that are at the heart of all new systems. The ASM Materials Education Foundation assists teachers in bringing that understanding of the importance of materials to their students.

The ASM Foundation is committed to working with and supporting teachers through "Living in a Material World" K-12 teacher grants. With a network of local Chapters across North America, ASM members offer to work closely with local teachers to develop and implement various lessons.

Only those proposals directly addressing materials science will be considered.

Number of Grants: 20

Estimated Size of Grant: \$500

Eligibility:

- See RFP and/or Grant Guidelines for full eligibility

Additional Eligibility Criteria:

USA K-12 teachers are eligible to apply.

Pre-Application Information: Application Deadline: May 25

Any applications received after the deadline will be considered in next year's cycle. Results will be communicated to the applicants in early August.
